

DUAL GAME

In short: entrants will work together on the same model, one will have to work exclusively on the right hand and the other exclusively on the left. They may choose the processing system (gel, acrylic and/or acrylic), as well as the building technique (tips or nail forms). The look will be pink & white, extreme square and the nails of both hands must be perfectly identical to each other. The fingernails of the ring finger and the middle finger should be lacquered with red polish

Jury evaluation criteria	Maximum score	Right hand score	Left hand score
The surface is smooth, free of wrinkles, scratches due to filing and well buff (5 points per hand)	10		
French manicure: the nails have a (white) French manicure without shading, spots of colour and / or air bubbles along the entire length	6		
French manicure: the nails present a perfectly defined smile without smears between white colour and cover pink / clear/clear pink	6		
French manicure: the line of the smile line is the same and uniform on all nails	6		
Red polish : it is homogeneous, free of stains and it entirely covers the nail	8		
Red polish: the color perfectly covers the hair line (front view) and in the underlying part (concave part)	8		
C-curve: is the shape perfectly identical on all the nails? Is the C-curve concentric (40% minimum, 50% maximum)? (2 points per nail)	20		
Product control: are there spots of colour and / or air bubbles in the pink (cover, clear, and / or clear pink) area?	6		
Work finish and neatness: is the product completely polymerised? Are there any visible trace of product, dust or glue in the concave zone or in the cuticles zone?	10		
Free edge (hair line): is it thin and uniform on all nails (maximum 0.1 cm)?	10		
Cuticles zone: can the product be perceived by touch? The nail art must look like the natural nail blends with the product itself (2 points per nail)	20		
Apex: it must be correctly placed and uniform on all nails	10		

Length: the lengths are identical in both hands and must be balanced on all 5 nails (middle and thumb of the same length, index and annular of the same length, proportionally shorter little finger) (2 points per nail). This parameter may be evaluated only if the model has a minimum length of 2 cm (measured from the cuticle to the end of the free edge)	20		
Is the concave part clean, buff and well defined? Is it uniform and symmetrical on all 10 nails?	10		
Convex part: is it uniform from side to side?	10		
Are the lateral nail folds uniform, correctly filed and placed on all 10 nails? (2 points per nail)	20		
Were the nail forms (or tips) positioned correctly, and were not placed either too low or too high? Are the lateral nail folds free of holes and / or wrinkles (2 points per nail)	20		
Length of competition: 120 minutes to carry out work on both hands			
Total score:	200 points		

NOTE:

- The only allowed colours are: cover pink, white, clear e/o clear pink
- The French manicure cannot be created before buffing, but it will be integrated into the structure itself (builder white). Tools to create the smile line (smile line cutter), which must be handmade, are not allowed. If the entrant does not follow these rules, the French manicure will not be evaluated and the score for these criteria will be 0 points.
- Combined systems are allowed (i.e. acrylic + gel)
- The use of polishing gel without inhibition layer is allowed
- It is not allowed to prepare and / or to apply nail tips or nail forms before the competition
- The use of ultra white tips is not allowed; the allowed colours are natural and clear tips
- The nail polish must be creamy red, classic red (neither pearly nor glittery)
- The entrant must lacquer middle and ring fingers.
- The proportion between the "Pink" part and "White" part will be 1: 1 (nails with French style are thumb, forefinger and little finger)
- The minimum length will be 2 cm, measured from the cuticle to the end of the free edge (minimum size: 1 cm nail bed + 1 cm free edge)
